

SPA LE SPLENDID
BY GEMOLOGY

MINERAL SKIN CARE

Discover the combinaison of science and the luxury of Minerals

FROM A PASSION FOR GEMOLOGY TO A CREATION.

Passion is precious at Splendid, and all our rooms and suites are named after natural stone, each with a story to tell. When we created our new spa, the Splendid, a spa by the sea, it was natural to offer treatments with a natural mineral concept that uses the trace elements of precious stones. The choice of the GEMOLOGY Paris brand seemed a natural call to our concept. The Spa “Le Splendid” invites you to a multi-sensory experience, for a unique sense of well-being. All our treatments are suited to men and women.
